Notice of Change of Representative Directors

JSR Corporation hereby announces that at a meeting held on March 25, 2025, the Board of Directors approved a change in Representative Director, effective April 1, 2025.

Reason for the change

We have decided to appoint a new Representative Director and President. In order to achieve our short- and medium-term goals and realize long-term growth, we will implement changes in our executive structure, including the change in Representative Director and the establishment of a new role that encompasses the responsibilities of Representative Director.

As a global leader in the semiconductor materials field, we remain committed to contributing to global progress and creating social value through our active involvement in the development and implementation of advanced technologies.

In addition, the current CEO and President, Eric Johnson, will remain on the Board of Directors until the annual shareholders' meeting scheduled for June.
